Phone: 7061520347

Email: kumarsiddharth166@gmail.com

OBJECTIVE

Dynamic and motivated, second year computer science student with a strong foundation in programming languages, including object-oriented programming concepts. Looking for an opportunity to be able to demonstrate and enhance my skill set and contribute to the organization's growth.

EDUCATION

• Graduation	VIT, Vellore	9.22 CGPA	2023-Present
• Intermediate	Delhi Public School, Ranchi	94%	2021-2023
• Matriculation	St. Thomas School, Ranchi	89%	2020-2021

INTERSHIPS & PROJECTS

Food Link (Feb 2025 – March 2025).

- Developed a real-time, location-based food donation platform to connect donors with nearby receivers.
- Implemented backend logic using **JavaScript, Express.js, and Oracle Database 21c Express Edition** for efficient data matching.
- Built a user-friendly frontend with **HTML, CSS, and JavaScript** to enhance accessibility.
- Optimized real-time donor-receiver matching, reducing food wastage and improving distribution speed.

Next Generation Ride (Sept 2024– Nov 2024)

- Developed a cab booking system using Java and Swing for an interactive GUI.
- Designed and integrated a city map using graph data structures for route mapping.
- Implemented booking functionality with user details, ride history, and payment modes using **LinkedList**.
- Managed driver and vehicle databases using HashMap to optimize ride allocation.

ROLES AND RESPONSIBILITIES

- Co-Secretary, German Literary Association
- Active participation in organizing various events and ensuring coordination among a large group of members.
